

Well beyond, together.

Pharmacy support at every point in your health journey. Stellus Rx is a new pharmacy experience that's opening eyes, hearts and minds to the impact that a pharmacy team can have in changing lives.

Ask your physician or nurse about how Stellus Rx could improve your health through improved medication support.

How does life get better for you when Stellus Rx is part of it?

Your questions get expert answers

"What does my new diagnosis mean? How do these medicines work together? What happens if I can't afford my medicine?" We've helped with thousands of questions just like these, and we're ready to support you.

Your prescription pick-ups go from chore to convenience

We can pre-sort and package your medications and deliver them right to your door. And we'll synchronize all your medications so they refill at the same time each month.

You gain a trusted partner and guide in your health journey

Each month—and really, whenever you need it—you can connect with your personal pharmacist to address any medication questions and work together on improving your health.

We're your ally and advocate in care

You can turn to us for education, support and problem-solving with anything related to your medications. Think of us as a member of your care team who's always on your side.

Hear what patients have to say about their Stellus Rx experience ...

"In five months, my A1c improved from 14 to less than 6. My Stellus pharmacist worked with me to manage my condition—and my medications—to help me live a healthier life."

"I have used several national chain pharmacies in the past and accuracy and on-time availability has always been an issue. I do believe that my life has changed for the better with Stellus Rx"

"It's personalized!! You cannot put a tag on that! I am always grateful for [my pharmacist's] support. I know she's on the other side, taking care of my health!"
